Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Richard Wagner's monumental opera cycle The Ring of the Nibelung takes approximately 16 hours of playing time. So what is the content he is actually dealing with that long time? The master composer not only wrote the music, but the lyrics as well, along even with the director's instructions, based on an old template, primarily the Nibelungenlied. So what is the voluminous story about? Is it about more than just a picturesque struggling for world domination? It is precisely this more that is to be worked out here. Wagner himself in his theoretical essay on Opera and Drama made the position of the poetry against the music very strong; he even explained the music as a mere means for the purpose of expressing the intentions of the drama. In this reinterpretation of the opera as a music drama he even saw his personal merit. An adequate appreciation of the ring can therefore not simply disregard the dialogues as some chewing gum in the mouth of the singers or the punching bag of the absolute musician. The Ring will be interpreted mainly from the lyrics itself, but with occasional side glances to Wagner's theoretical writings. In an epilogue Wagner and his Ring - historically standing in the middle of Weimar classic and the Third Reich - will be viewed with regard to the problem of anti-Semitism, that can be analysed as lucidly here as with no other author, just following the pointers in both directions. This book is the English translation of the original German edition, done by the author himself, thus providing an authentic insight into German philosophic and esthetic thinking of the time up...
