Dimensions: 8.3in. x 5.9in. x 0.9in.Most businesses rely on a complex patchwork of client computers, physical and virtual servers, middleware, and, increasingly, mobile devices and cloud services. Microsoft System Center Configuration Manager sits smack in the middle of this tapestry, providing a single administrative control center to deploy and manage Windows servers and applications across your entire infrastructure, including cross-platform management of Mac OS X, Linux, and UNIX. Learn ConfigMgr 2012 in a Month of Lunches is a super-practical guide to Microsoft System Center Configuration Manager. This book cuts to the chase and gets readers up to speed with the day-to-day tasks of managing a system with ConfigMgr in a matter of days. Whether readers have just been pressed into service as new sysadmins or are familiar with the inner workings of Active Directory and App-V, theyll be productive immediately as they work through the 25 self-contained lessons in this handy tutorial. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book. This item ships from multiple locations. This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.
