Whether you're a Penny or a Sheldon, whether you've just tuned in or been watching all along, this companion book will help you appreciate The Big Bang Theory to the fullest. Unraveling the Mysteries of The Big Bang Theory offers a full, comprehensive look at the series: from an analysis of the awful original pilot (that viewers may never get to see) to a tour of the real Cal Tech (which serves as one of the show's main settings), from a fandom terminology guide to enlightening analyses of the endearingly original main characters, all the show's quirkiest and most appealing elements are put under the microscope. This updated edition includes a focus on the show's female characters in addition to bringing the content up to date through the show's seventh season.
