Contents: 1. Petrochemical plant long-term operation of the influencing factors and countermeasures. Hydrogenation unit austenitic stainless steel avoid stress corrosion measures 3. Naphthenic acid to decompression overhead air-cooled corrosion. impact and countermeasures. Ethylene plant long period operating conditions of the equipment safety and reliability guarantee 5. petrochemical plant integrity analysis of systems-based risk assessment techniques. Monte Carlo simulation for reliability assessment of the safety interlock system. the coking furnace combustion process parameters optimization and performance evaluation studies based on the prediction of the the correction the projection method Cr25Ni35Nb...

### Reviews

*It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.*

-- Miss Marge Jerde

*It is really an remarkable publication i actually have possibly study. It usually is not going to cost excessive. Its been written in an exceedingly basic way and is particularly only right after i finished reading this publication through which basically transformed me, affect the way i think.*
